

**TECHNICAL & RECHARGE  
COORDINATOR'S UPDATE  
BGwT Meeting: January 19th, 2012**

**WELL MONITORING**

Our well network was last read from November 4th - December 2nd. We started new set of readings on Tuesday January 3rd.

**WELL READER**

I have taken over reading the well network. In discussions with Elliott I felt that I will be able to incorporate this into my weekly tasks. Elliott and I will see how it goes and make any adjustments to this new protocol going forward.

**DATA LOGGERS**

16 of our 22 of our data loggers are deployed throughout the west zone. I upload the following loggers on a weekly basis:

Storrow Drive

- 5 from Embankment Rd. - Clarendon St.
- Levels in these well are the highest they been since 2001 when we started monitoring them

Dartmouth Street

- 8 from Beacon St. - Commonwealth Ave.
- BWSC has made repairs to the leaky manhole and ceased injecting water.
- Additional repairs are scheduled for early spring 2012
- We will keep these loggers in place until the levels in this area come back up

Ellis Neighborhood

- 1 on Saint Charles St. and 2 on Cazenove St.

**MISCELLANEOUS**

- Elliott & I met with Terese Kwiatkowski, GZA, Michael Powers, GZA, Robert Palermo, GZA, Bashir Madamidola, MBTA (part-time), and James Lambrechts, Wentworth Institute of Technology. We discussed and reviewed information about the area by Back Bay Station.
- Elliott & I met with the members of the Technical Advisory Committee. We reviewed a number of items. Most notably Dartmouth St and the MBTA's efforts in Ellis Neighborhood.

- Elliott & I met with Hayes and Associates to review a couple of proposed rehabs that triggered GCOD.
- Elliott & I met with developers representing the New England Conservatory of Music to discuss their plans for two new buildings. Additionally we attended a scoping session for the project.
- Elliott & I met with a representative for the project at 316 Huntington Avenue.
- Continued to write comment letter drafts on past projects and review them with Elliott.
- Along with John Kastrinos of Haley & Aldrich, Elliott and I presented to members of H&A's staff and updated them on the Trust's efforts. Elliott focused on GCOD while I focused on the BGwT's website and well network.
- Continued work on a Recharge presentation that can be made to the public which illustrates different types of recharge and the benefits to the homeowner. It will be ready to present at the next trustees board meeting.
- Elliott and I coordinated with Jessica Zichichi on setting up the new version of the BGwT map. The map is Google maps based and now has the ability to be viewed on Tablets and smartphones as well as traditional desktops.
- In the process of obtaining quotes from two vendors on the purchase of 25 new dataloggers.
