

*BGwT Technical Committee Meeting:  
February 2, 2006*

180 Contract

- 43 wells installed
- 137 wells remaining
- 84 proposed locations in East Boston
- 53 locations needed to complete 180 Contract
  - NOTE: Should have 63 locations, 10 being alternatives

Primary Study Area

- 672 existing wells
- 9 CA/T non – attempts
- 12 wells that have 3 or more no readings annually
- 29 no go's

East Boston Area

- 14 existing wells
- 84 proposed locations
- 5 no go's

OPTIONS

- Replace 12 wells that show deficiencies in readings
- Add wells in East Boston
- Add more wells to primary study area
- Replace some older wells that were installed by others
  - i.e.: WPA, BSD, Southwest Corridor, CA/T, & other projects
