

*TECHNICAL COORDINATOR'S
WELL MONITORING & INSTALLATION UPDATE
BGwT Meeting: April 27, 2006*

WELL MONITORING

The BGwT's latest set of readings were taken from March 27 – April 10, 2006. There are currently 650 wells in the BGwT's network.

Of the 650 wells read:

- 115 Wells @ elevation >7'
- 285 wells @ elevation 5'- 7'
- 156 wells @ elevation 3'-5'
- 70 wells @ elevation <3'
- 24 wells @ no reading

LEVELLOGGERS

Data that was collected from Group 1 wells from January 11 – March 1, 2006 has been sent to the webmaster to be posted.

The loggers have been removed from Group 1 well locations and were placed into Group 2 well locations on March 10, 2006. Data will be uploaded from these well locations beginning the week of May 1, 2006.

Groups are created from the evaluation of data by the BGwT Technical Committee.

(NOTE: To see which wells are included in the Groups refer to the attached list at the end of this report)

The Levellogger unit that was sent out to Geotech for service has been replaced. The product was under warranty and we should be receiving it shortly.

*TECHNICAL COORDINATOR'S
WELL MONITORING & INSTALLATION UPDATE
BGwT Meeting: April 27, 2006*

INSTALLATIONS

180 Contract resumed on 4/26/06 with the Vac Truck clearing locations. We will begin installing wells on 5/3/06.

137 wells are left to be installed. We have started in the North End/Fanueil Hall area. We will then move into East Boston and finish out in the Back Bay/South End/Fenway area's.
